Fax: (716) 386-6948

Dear Town of Ellery Resident and Property Owners:

Chautauqua County owns 813 acres in the Town of Ellery. The County operates a municipal solid waste landfill on 83 of those acres. The County now seeks to expand the waste placement area of the landfill by 53 acres. They propose a waste elevation 1850 feet high. In addition, associated perimeter berms, channel and access roads and storm water control ponds will add another 20 acres to the existing landfill footprint. The proposed expansion would extend the life of the landfill by about twenty years.

Please know that the Town of Ellery has serious concerns about this proposal and hired Ensol, Inc., an environmental engineering firm specializing in landfill management and engineering, to assist us in assessing the current Landfill and the proposed expansion.

We need your support and comments. Enclosed is a questionnaire to determine how the existing Landfill has affected your life and our community. Please take a few minutes to answer the questions and return it to:

## LANDFILL QUESTIONNAIRE

P.O. Box 429  
25 Sunnyside Avenue  
Bemus Point, NY 14712  
Phone: (716) 386-7876  
Fax: (716) 386-6948

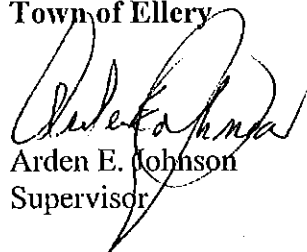

You may contact Richard Gibbons at EnSol for assistance in understanding the questions and completing the questionnaire. Feel free to contact him at:

Richard Gibbons  
[rgibbons@ensolinc.com](mailto:rgibbons@ensolinc.com)  
716-870-1792

Mr. Gibbons will also be visiting the residences adjacent to the Landfill and on its truck route to discuss the impacts of the Landfill and to assist in completing the questionnaire.

Please take an active part. Please let your opinions be known. Thank you.

Town of Ellery
